

225A: Original

Washington College
Lexington Va
July 2nd 1868

Mr. Gilbert B. Gibson has been a diligent faithful & successful student of the College during the last two sessions. During the last session he attained Proficiency in Latin & Distinguished Proficiency in French & Mathematics. In his mathematical demonstrations he is particularly clear and forcible. He is a young man of excellent character and capacity: and we believe him to be remarkably well qualified for teacher in a school of high grade.
