Dearest Folks:

I imagine that Irwin has told you all about the play we saw in Lynchburg the other night. I think that that play was by far the most interesting I have ever seen. A year ago I would not have walked a block to see it, but I would go anywhere to see another play like that. I saw my English teacher there and he certainly was proud of me and glad to see me there. I had a talk with him and we discussed it from different views. I had talked it over with Irwin and several of the smartest boys in my frat. and they gave me some very fine facts. Well to tell the truth I certainly did surprise my English teacher when I started talking about it.

I stayed over in the Gym. until twelve last night. I was a delegate from Wisconsin. I have never been in a big meeting like this. It was exactly like the meeting they are going to have out in Texas. The boys gave absolutely wonderful speeches and we had parades and all kinds of posters. Our delegation stuck for Reed all the way through. On the 17 ballot Smith was elected. For vice-president George of Georgia was elected.

I have had a pain in my back for several days. I think it is my kidneys, therefore last night I took half of a bottle of castor oil. It is fixing me up all right. The track trainer is giving me good rubbings. He says he can fix it in several days. Our Fresh. track team is send our crack relay team to Philadelphia for the Pa. relays. This is for the U. S. championship. I think we have a good

our 4 440 men can beat the best of the varsity.

Love stuart.
