Number 28.

**Last Sunday.**

Mr. L. A. Coulter, according to announcement, spent Sunday in Lexington and spoke to the students at the Young Men's Christian Association meeting in the afternoon. Mr. Coulter was urging the importance of the Southern Students' Summer Conference which will be held at Asheville, N. C., this summer.

This is one of four summer gatherings for students who come together for the purpose of studying the best methods of Christian work in their colleges. The fruitful effects which they have had in the past are their best claim to continued existence and to the hearty support of our colleges. Of particular interest to us is the one to be held at Asheville, for there students will come from most of the Southern states, representing almost every college of any size in the eastern Southern states.

The selection of the place is a happy one, for Asheville is situated in the beautiful mountains of North Carolina and offers one of the most attractive places for any gathering. "The land of the sky" is cool and perfectly healthy. The beautiful French Broad winds around the foot of Bingham Heights, the home of the summer school.

The quarters will be ample and comfortable and athletic sports will take up the afternoons, thus affording a delightful means of recreation.

A number of strong speakers will appear at the platform meetings, and the training in Bible study will be by two of the men best qualified to give instruction in this branch which has had such a decided growth in late years.

The missionary meetings will be in charge of Mr. Brockman, whom some of us already know.

One of the most attractive and important parts of the school will be that presided over by Mr. W. K. Mathews, our International College secretary.

Washington and Lee wants a good delegation and we may hope that as many as six can go to represent our Association. We hope to have everything ready for good

work next year and nothing will contribute more to this end than attendance upon this summer school. Some of the men will need to have nearly all their expenses paid and some will pay nearly all. The Association will ask the students to send one man and already some thirteen or fourteen dollars have been given by individuals for this purpose.

The time of the meeting is from June 17th to June 26th. Those who go will leave immediately after commencement. As some of our students pass South it might be that they could stop and spend the ten days in pleasant and profitable study and diversions.

Let's think of this conference and try to make it more helpful to Washington and Lee than any of those which have been held heretofore.

**Practice Game With V. M. I.**

On Tuesday our boys crossed bats with the Cadets for practice.

As two out of three games had already been played and won by Washington and Lee no life entered into this meeting, which was really not a regular, but a confessedly practice game.

It seemed to be a decidedly "off day" for both sides for they vied with each other in the number of errors which came thick and fast.

The "practice" was decidedly poor and no one deserved credit. Towards the end of the game the Institute seemed to think they were playing a regular match contest and tried hard, but our boys seemed never to lose sight of the fact that they were merely practicing and that this evening's work could not count as a match game.

In the game the Institute made fewer errors than Washington and Lee and upon this the result turned for neither side did much in the way of earned runs.

It is a pity to invite spectators to see such games for they will cause people to lose interest in this popular college sport. Let us always play our best when we invite spectators and thus insure them a game worth their while to see.

Washington and Lee expects every man to do his best all times.

**Foot-Ball.**

The foot-ball arrangements are progressing nicely and everything points to a good schedule before June. It is almost certain that we will have engagements with Vanderbilt, Sewanee, University of Virginia, Virginia Military Institute, and Central college, and six or eight other good colleges are being arranged with. With such games and the prospects we have for a fine team, our hopes are bright for a very successful year in this branch of athletics. While the effort is being made to give a number of games on our own grounds some of our best teams will be played away from Lexington. In this way some nice trips will come to the players.

The lovers of the game will be glad to know that our team will have the benefit of being coached by Mr. Norvill B. Knight, who is ex-captain of the Princeton freshman team, and is one of the coming half-backs of the country. He will be with our team during the month of September, during which time our men should receive much benefit from his coaching. All applicants for the team are expected to report early in September so that practice can commence as soon as possible.

Entered at the postoffice at Lexington as second-class matter.

It is getting near to the time when we think of the summer vacation, but at the same time we who are to return should begin to make plans for the coming session. Every student should strive to bring a freshman back with him. That fellow at your home who has just finished prep and is thinking of going to some other old college. Use your eloquence on him. We have a better college up here, and if you can just convince him of the fact you can be the means of enlarging our attendance next year. The University relies on the students and alumni to keep up the attendance.

Wasn't that a gilt edged game yesterday? The fellows all had on their playing clothes without a doubt, and it is to be hoped they will do as well today.

What's the matter with Pratt? Some one started a fairy tale last year to the effect that his pitching day was over, but we don't know about that. Neither Virginia, the V. M. I., nor Roanoke have been able to make more than six hits off him.

In the account of "Pinafore" which appeared in the columns of this paper last week, the writer was guilty of a very culpable omission. He was not cognizant of all the inner workings, and did not realize that in addition to the "hand that guided" there was still another who had given to Pinafore that splendid support which she has always lent to enterprises of a like nature. Indeed, in the management and direction of "Pinafore" Miss Annie R. White worked long and untiringly; and any account thereof with her name omitted is much like the "play of Hamlet without the Prince of Denmark."

## A Shut Out.

Yesterday's exhibition of ball playing, after that indulged in by the 'Varsities on Tuesday last, was like unto a refreshing shower after a six week's drought. Both teams fielded excellently but the Roanokers were outbatted by the 'Varsities, fourteen hits being made off Fisher, while Pratt was found but for six scattering ones. The features of the game were the batting of Pratt, Snyder and Barclay, the double play by Campbell to Snyder to Burnett and the nailing of Fisher, at first, by Frierson on a hit to the right garden, for the 'Varsities, and for the Roanoke boys, the batting of Jennings. The following is the game by innings.

Score—W. L. U., 4; Roanoke, 0.

## 9TH INNING

## The Calyx.

Work on the Calyx is progressing rapidly. Nearly all of the proof has been sent in, and Mr. Harlow will go to Roanoke on Monday to supervise the arrangement of the matter in the book.

Some students have not yet subscribed to the Calyx. We are not certain whether they have been approached yet or not, as Mr. W. K. McClung, who has that matter in charge, has left college; but surely no student should neglect to patronize a thing of such importance. You can borrow your room-mate's Collegian, can look over some one's shoulder and peruse the RING-TUM PHI, but the Calyx is something that you want to take home with you, and your room-mate will object if you take his.

Mr. H. H. Lisle is still confined to his room with sickness.

### Local and Personal.

Miss Daniel of Charles Town, W. Va., returned home on Wednesday.

A special train took the officers and cadets of the Virginia Military Institute to New Market on Thursday.

Mr. Lucien P. Dillon is rapidly convalescing from an attack of fever. His friends are pleased to see him on the street again.

Miss Rosa Tucker, who is at Miss Baldwin's school in Staunton, came to Lexington last week and was in attendance at "Pinafore."

President Wilson returned to Lexington yesterday from New Haven, Conn., where he has been to deliver a series of lectures before the Law school of Yale University.

Robert McBryde is home for several weeks holiday. He will then go to Louisville, Ky., to accept a position as "reporter" on the staff of the Courier-Journal.

Mr. G. Cuthbert Powell, formerly of the law department of this University, has enlisted with the West Augusta Guards, a company of Staunton, Va., and is now in Richmond awaiting orders.

Miss Rosa Brooke has returned from an extended visit to Old Point and Richmond. Miss Brooke was accompanied by Miss Purcell of Richmond, who is stopping with her at the "Heights."

John W. Moore of Lexington, has accepted a position with the Seaboard National Bank of New York. Mr. Moore is taking a course in the Bellevue Medical College, and will retain his present position no longer than the reopening of the term.

**Rockbridge News:** Glasgow Armstrong, an alumnus of Washington and Lee, has graduated first in his class in medicine at the University of New York, and in competitive examination was awarded first position on staff of physicians at Bellevue Hospital.

On yesterday evening Professor and Mrs. Graves gave a very pretty dinner party in honor of Miss Roberta Ansley of Alexandria. The guests were Miss Ansley, Miss Amanda Frierson, Miss Laura Carmichael, Professor Vance, Mr. H. W. Anderson, Mr. E. W. Wilson, and Mr. Gordon Houston. Miss Graves assisted in entertaining.

### The Tennis Tournament.

The pleasant weather has brought out the tennis players in great numbers. Every afternoon the courts are decked with duck trousered lovers of this sport. It is no wonder that tennis finds many a fond advocate at Washington and Lee for we have courts which are to be surpassed nowhere. Nine well rolled, perfectly graded, clay courts are something to be proud of, and we would surely show a great lack of appreciation of them if we should fail to have a tournament. Somehow, though a day is set apart for it each year, our men have never had a field day for track athletics, but for the last few years the tennis tournament has taken place. By another year we should have a track day. For this year, however, we must continue as previously, but let us not recede. One day this month, most probably Thursday, the 26th, will be given as holiday and every tennis player should do what he can toward getting a tournament, and making it a good one.

### Dr. Wightman's Lecture.

In the absence of President Wilson at Yale university, it was a pleasure to the students to have Professor Moreland announce on Wednesday morning that at the invitation of the faculty Dr. Wightman would address them.

Whenever Dr. Wightman addresses them they feel that thoughts worthy of attention will be couched in the most chaste and appropriate English. Nor were they to be disappointed on Wednesday morning when the Doctor spoke of the Christian influence upon the constitution of the United States.

As the loftiness of the theme was reached bursts of eloquence showed the deep feelings to which the speaker was giving utterance.

The primaries held throughout Rockbridge county last week, instructed for Frank T. Glasgow to be the nominee for congress of the Democratic convention which meets in Covington on June 22nd.

**Change in the Athletic Constitution.**

The proposal of the Athletic Committee suggesting making the dues of the Association one dollar and having season tickets costing two dollars, which are to be sold to members only, is followed by another regarding the same point, which might be put as follows:

Every student when he matriculates, must pay the sum of five dollars (\$5.00) for the support of the Athletic Association, the payment of which shall grant him free admission to all games played in Lexington by the teams of the University. The five dollars (\$5.00) thus paid shall be considered a part of the matriculation fees of the University.

The adoption of this plan is not left altogether in the hands of the Association. Should it be adopted by it, it will then have to be approved by the trustees. The trustees will, in all probability, approve the measure if it is known to them that all of the students are in favor of it. To assure them of this a request for the adoption of the measure should be drawn up and signed by every student, and be presented to the Board.

This plan is practically the one which has been so successful at the Institute for a number of years, and one which Dartmouth has just adopted. It assures the Association of a certain amount of money at the beginning of the season, so that the managers are enabled to make contracts which will agree with their revenue. The men pay the amount when they are most able. It will give athletics a firm financial standing. It will increase the enthusiasm in sports, as everyone will have equal interest in every movement. Every student in college will be out to see each game.

It is to be earnestly hoped that this measure can be carried through as it would surely be a great boon to the college and to athletics.
