

The Petition

letter no 1

~~The Teachers~~ petition

We ~~as~~ will not recognize the present
petition of the Teachers ^{used to care}
and sending there ^{papers relating to permits}
of log the public ^{and even teachers} by ~~surprising~~ ^{we have}
applied to there in derelictal funds
with the plea of losing their jobs. We will
recognize any ^{or} petition ^{in causing}
for the retainerment of Mrs Rubin as
prejudicial that is direct to her and not
the whole faculty. ^{this trouble has}
grown out of her retarding the progress of
our children and Mrs Rubin not being
qualified for the job. There has this petition
not causing fear the ^{the} ^{suborned} ^{teachers}
mean to show to us that they ^{two} are in favor
of granting the ^{negot} ^{out} of his rights

with all the world can give you is not
a grain of sand
~~to help~~ ^{to mend} a broken heart only you
will understand
that received a sad message of those
who fought and fell
the world will never be embittered and
you can never see

and when the tears are falling as kneeling
by the grave
just whispering the world is better since
they died to save
When Man is just as wicked there lives
is full of greed
The war has made the world no better Chris-
is what we need
