

They must have been
very much pleased
As they did not return
last evening - Mother
went to town to do
some shopping and
I think the bicycles
were also an attraction
Then Father & Alan
as usual went to their
work

Now I wish you
were here but that
is so difficult it nearly
never comes me - you
will come in Septem-
ber to see I just give
"Luck Man" it to deliver
the address -

Your repeated invita-
tion has almost set
me crazy - I am plan-

~~My mother
has been in
London for
some time
and I have
not seen
her since
she left
London in
the summer
of 1900 - I
am very
glad to hear
that you
are well
and hope
you will
write soon
I am
yours
affectionately
John~~

but that I hope (D. L.)
to attend our Convention
next week in Baltimore.

Mr & Mrs Smith went
to Manchester yesterday
so you will doubtless
meet them - Are you
with the Episcopalians?

Of course you
will be very absent -

I am alone today
and cannot settle to
anything and later -
was amusing my-
self by reading "What
will we do with it?" & it
is not the first time

but I am more than
ever interested because
I have just read Bulmer's
life. The girls went
yesterday to spend
the day with a friend

He rather saved us
one day to walk with
him to Rockville. I can-
not say he asked for
he is certainly the
most indifferent of
men - Last Sunday
Cemie & Mrs Constantia
and self started for
Rockville at 6 A.M.

With this man and
though it rained
during the day we
persisted and walked
home - I don't know
that we will ever do
it again - doubtless
we are satisfied -

I have tried to
imagine you with all
these ministers and
it is hard work - I
might envy you
