MISS ELLA HAWES,
Acting Head Worker.
MRS. M. G. DILLARD,
Associate Worker.

Washington, D. C.,

October 16, 1912.

Dear Friend;

Old. Buf.

Your letter containing the pictures was received a few days ago you cannot imagine how pleased I was to get them. I thought you had about forgotten the Old Classy.

I was sorry to hear you were so lonesome but never mind we will be before long let us hope rather than never.

Believe me they were some pictures weren't they, nothing in the country compared with them.

Say Bud you had better write to

Genney she told me to tell you, that you
might write to a body sometime. She might
not send you that picture. A fellow came
to me in school this morning and says Virginia
says come over there. You know I haven't been
over there but once since I've been here. Guess
I'll go over to morrow or Sunday's he promised
to take me out to your cousins.

The fellows have been after me several
times to over school to go out for the foot ball
team but I don't believe I want to try it. I went
out with them one evening to practice. They said
I could make good and would have a chance to
go different places but Old Wash. isn't quite
ready to go under cover quite yet. How is old
Kernal remember me to him.

I'll see that you get your picture a right
as soon as I see Virginia.

Well I guess I'll close, Remember me to
your Mother and Father and bare feet. Tell
Mr. Walker I sticking to that advice he gave me
the morning I left.

Give my love to all the girls tell them to
keep sweet until old Classy gets back your true
friend & Classy.
