

Camp Stoneville Brig Nov 14<sup>th</sup> /63

Dear Sister

We have just returned to camp. We were ordered to turn out to meet the enemy, but as we have been ordered back I suppose they have gone back. I have been enjoying my box for a day or so. How thankful I am to you all for your kindness to me, but I am afraid you are doing yourselves some compuncts to supply me.

You make apologies in your letter for the contents of the box, but they certainly need none. If the home folks could only see how we enjoy the boxes I bless them for their kindness I think they would be amply repaid for their trouble. I have time to write no more as Mr Middleton leaves soon. I think we will have stirring times here soon as Mead seems disposed to advance. We may move to Fredricksburg at any time. I will write another letter by mail in answer to yours, so you may consider this as a super numerary.

Everly Yours

A.B.
